SECURITY TIPS

Be aware of avalanche risks

Check the avalanche flag and weather reports. If necessary, ask the ski patrol, first aiders or winter sports professionals for advice.

Ask professionals if you go off-piste and ensure you can be located

Tell them where you are going and your expected return time. Use an avalanche beacon, a transceiver that should be worn under your outer layer of clothing. It's as important as a spade and probe in your backpack.

It's essential to test your avalanche beacon before you set out. At the very least, carry a passive reflector with you.

Cultural activities

[DISCOVER]

SAMOËNS, a heritage rich in historical and cultural treasures !

An increasingly popular winter tourist destination, Samoëns is also renowned for its village spirit and the beauty of its charming medieval centre. The laid-back lifestyle in Samoëns offers an ideal opportunity to recharge your batteries.

A small yet historically wealthy village, Samoëns has managed to preserve a heritage rich in historical and cultural treasures. Throughout its charming medieval streets, the village showcases its unique stone cutting history. Samoëns was the birthplace of a stonecutting brotherhood known as the «Frahans», which became internationally renowned during the 17th century. In their day, the Frahans' expertise was called upon for some of the largest building projects undertaken by Vauban and Napoléon Bonaparte. Even today, the fact that Samoëns' buildings are made of stone, rather than wood is a reminder that the village was the home of the brotherhood.

For a thousand years the village has remained an alluring place, where both natural and cultural heritage have been conscientiously preserved.

Samoëns has managed to retain the charm of a genuine alpine village. An authenticity which, combined with the French art of living well, has given birth to Samoëns' unique sense of wellbeing.
