SECURITY ADVICE

Off the slopes, natural mountain hazards are not marked and avalanches can occur. You do so at your own risk.

This activity requires a good technical level, a good knowledge of the mountain and the right equipment.

Get informed

Take note of the avalanche flag and the weather reports posted at the most frequented points in the resort.

If necessary, ask the first aiders and mountain professionals.

Call in the professionals

If you want to go off-piste. In any case, never leave alone, indicate your route and your expected time of return.

Be traceable

Equip yourself with an avalanche transceiver device (ATD), which should be worn under the outer layer of clothing. It should be carried under your outer layer and is a must for your backpack along with your shovel and probe. It is essential to test your avalanche transceiver before any outing and to train regularly in its use. Also carry at least one passive reflector. These accessories are available in sports shops.

CULTURAL ACTIVITIES

SET OUT ON THE TRAIL

of the stone masons

Samoëns,

a rich heritage of historical and cultural treasures

Samoëns is an excellent winter sports resort, but it is also appreciated for its special atmosphere and the change of scenery offered by its friendly village. The gentle way of life in Samoëns is ideal for recharging your batteries and getting your energy back.

CARVED STONE TOURS

Brochure available
from the Tourist
Office

Home of the stonemasons with a grenette, a registered church, 9 chapels, more than 30 sculptures...

A village with a bourgeois feel, Samoëns has preserved a heritage rich in historical and cultural treasures. As you wander through its picturesque streets, the village reveals its unique history as the homeland of stone-cutters. Historically, the resort was the birthplace of the stone-cutters known as «Frahans», who made its international reputation. In the 17th century, their skills were used on some of Vauban's and Napoleon Bonaparte's biggest building sites.

Even today, the streets of Samoëns bear witness to its past, with old stone (not wooden) houses, and for a thousand years, the village has remained an attractive and friendly place, where both cultural and natural heritage have been preserved. Samoëns has retained the charm of Alpine villages. This authenticity, combined with the French art of living, has given rise to a unique way of life in Samoëns.

Go on a storytelling journey...

All photos and descriptions of our flats and chalets are available on our website www.samoens.com, catégorie «my accommodation», section «holiday rentals».

After a visit, the classified furnished accommodation complies with the new standards defined in 2009 by the legislator. The classification scale ranges from 1 to 5 stars (*). Unclassified rentals (NC) have not been visited. The descriptions and information are provided by the owner and are not binding on the tourist office.

The tourist tax is collected by the landlord and paid to the commune to improve the tourist facilities in the village.

Payment of the tax is compulsory. It is calculated per night and per person:
5 stars (*): 3.00€
4 stars (*): 2.00€
3 stars (*): 1.20€
2 stars (*): 0.80€
1 star (*): 0.70€

For all accommodation awaiting classification, with the exception of the above-mentioned categories, the rate applicable per person and per night is 5% of the cost per person of the night, up to the maximum rate of €4 adopted by the local authority or, if lower, the maximum rate applicable to 4-star tourist hotels. The cost per night corresponds to the price of the accommodation excluding tax.
