LABELS

OUR CHARM ASSETS

650 kms of marked trails at the heart of a rich and wild nature, offer a variety of outings, from family walks to sporting activities for one or more days.

As you discover the Giffre mountains, you will find them to be a veritable hiking paradise. In turn, the hiker crosses charming villages, forests of beech and fir trees or mountain pastures, he follows impetuous torrents or discovers high altitude lakes, he overhangs impressive cliffs or enjoys the spray of a waterfall.

The various infrastructures set up for the winter (cable cars, chair lifts) allow the hiker (on foot or by bike) to easily reach the first promontories overlooking the valley. Long-distance hikes, from refuge to refuge, allow you to explore the emblematic summits: the Dents Blanches, the Ruan or the Fiz chain.

The new Tour du Giffre offers a discovery of the whole valley and its refuges. Comfortable, equipped, offering food and lodging, some are accessible through a simple family walk, while others are reserved for experienced hikers. But the wardens are always there to welcome their guests with the warmth and friendliness that characterise mountain people!
